Dear Sir/Madam,

Re: Market Rent of Portions on the Ground Floor and the First Basement of the Commercial Podium of Sites 5 and 6, No.7 Tak Fung Street, Whampoa Garden, Hunghom, Kowloon, Hong Kong (the **"Property"**)

INSTRUCTION, PURPOSE AND VALUATION DATE

In accordance with the instructions from AEON Stores (Hong Kong) Co., Limited (hereinafter referred to as the **"Company"**) for BonVision International Appraisals Limited (**"BonVision"**, **"We"** or **"us"**) to assess the market rent of the Property leased by the Company situated in the Hong Kong Special Administrative Region (**"Hong Kong"**), we confirm that we have carried out inspection, made relevant enquiries and searches and obtained such further information as we consider necessary for the purpose of providing you with our opinion of the market rent of the Property as at 31 July 2026 (the **"Valuation Date"**) for the purpose of inclusion in the Company's circular dated 9 October 2026.

VALUATION STANDARDS

This valuation has been prepared in accordance with the HKIS Valuation Standards 2024 published by the Hong Kong Institute of Surveyors and the International Valuation Standards published by the International Valuation Standards Council. For the purpose of this valuation, we have also complied with the requirements set out in Chapter 5 of the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited published by the Stock Exchange of Hong Kong Limited.

VALUATION BASIS

This valuation has been carried out on the basis of market rent which is defined by the International Valuation Standards and adopted by the HKIS Valuation Standards 2024 as “the estimated amount for which an interest in real property should be leased on the valuation date between a willing lessor and a willing lessee on appropriate lease terms in an arm’s length transaction, after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion”.

VALUATION METHODOLOGY

We have adopted direct comparison approach to assess the market rent of the Property by making reference to relevant market rental transaction evidence. Recent market rental transaction evidence of properties with similar characteristics to the Property was collected and analyzed. Adjustments were made to reflect the differences in the features between the comparable properties and the Property which would affect the market rent to achieve a fair comparison of market rental.

VALUATION ASSUMPTIONS

Our valuation has been made on the assumptions that the owner rents the Property in the open market as at the Valuation Date in its existing state without the benefit of deferred term contracts, leasebacks, joint ventures, management agreements or any similar arrangements which would serve to affect the market rent of the Property. Unless otherwise stated, we have assumed that the Property is free from encumbrance, restrictions and outgoings of an onerous nature which could affect the market rent and the owner has absolute title to the Property. For leasehold property, it is assumed that the owner has free and uninterrupted rights to occupy and use such leasehold property during the whole of the remaining land lease term.

Our opinion of the market rent excludes estimated rental inflated or deflated by special terms or circumstances such as atypical financing, sale and leaseback arrangement, special considerations or concessions granted by anyone associated with the letting, or any element of value available only to a specific lessor or lessee.

It is also assumed that the interior condition of the Property is kept in reasonable conditions commensurate with its building age; and the Property will be let for a reasonable lease term comparable to similar property type without rental incentive and exclusive of government rents and rates, management fee, services charges, etc., unless otherwise stated.

INFORMATION SOURCE

We have relied to a very considerable extent on the information provided by the Company and have accepted advice given to us by the Company on matters such as identification of the Property, occupation particulars, floor areas, planning approvals or statutory notices, easements, tenure, building age and all other relevant matters which could affect the market rent of the Property. All documents have been used for reference only. We have no reason to doubt the truth and accuracy of the information provided to us which is material to the valuation. We have also been advised that no material facts have been omitted from the information supplied. We consider that we have been provided with sufficient information to reach an informed view of valuation and have no reason to suspect that any material information has been withheld. If in any circumstance additional documents, information or facts became available, we reserve the right to amend our valuation opinions and this report.

All legal documents disclosed in this valuation report are for reference only and we assume no liability for any existing or potential legal matters in relation to the title of the Property.

INSPECTION AND INVESTIGATIONS

We inspected the Property on 20 August 2026, undertaken by Mr. Aden Ng who possesses over 2 years' valuation experience in Hong Kong. We have inspected the exterior and endeavored to inspect the interior of the Property where accessible. During the course of our inspection, no structural survey was conducted in respect of the Property and we did not notice any obvious serious defects. We cannot report that whether the Property is free from rot, infestation, or any other structural defects. No test was carried out on any of the building services. It is assumed that the condition of the Property is the same as at the Valuation Date.

We have not carried out on-site measurements to verify the floor areas of the Property but we have assumed the information shown on the documents handed to us is correct and this valuation has relied on such information. Except as otherwise stated, all dimensions, measurements and areas reported in this valuation report are based on information contained in the documents provided to us and are therefore approximate.

SUSTAINABILITY AND ESG CONSIDERATIONS

Significant sustainability and environmental, social and governance (ESG) factors that were readily apparent from our inspection of the Property and information provided to us, if any, were considered in this valuation. Sustainability and ESG matters are increasingly influencing market participants' decisions and may affect market rental as well as obsolescence risk. We have taken these into account to the extent that current market participants would reasonably do so. However, as at the Valuation Date, there is limited direct evidence of consistent pricing adjustments for ESG characteristics in this market sector. For the avoidance of doubt, our valuation opinion does not constitute a formal ESG assessment or audit. Specialist advice should be sought for detailed ESG evaluations.

CURRENCY

Unless otherwise stated, all monetary amounts stated in our valuation are in Hong Kong Dollars (“HKD”), the lawful currency of Hong Kong.

AREA UNITS AND CONVERSION

Unless otherwise stated, the floor areas are expressed in the units of square meters (“sq.m.”) or square feet (“sq.ft.”), the conversion rate adopted is 1 sq.m. = 10.764 sq.ft..
